FREEDOM OF INFORMATION

July 17, 2019

Via Email
Caroline Haskins
VICE Media
Filed via MuckRock.com

Dear Ms. Haskins:

This letter is in response to your Freedom of Information Act request received July 10, 2019 for the following records:

- * Any documents associated with the purchase of Gaggle services for the school district. These documents may include contracts, grant applications, payment forms, payment orders, service agreements, and terms of service.
- * The total number of students in the school district that have been flagged for "signs of self-harm, depression, thoughts of suicide, substance abuse, cyberbullying, unhealthy relationships, and credible threats of violence against others."
- * The number of students that have been flagged for each respective warning sign category listed above.
- * Any school district emails that discuss disciplinary action (like detention or suspension) or an administrative response (like removing the student from class, or contacting the school guidance counselor, Child Protective Services, or the police) to student behavior on Gaggle.

Via email on July 10, clarification was sought to align the District's existing records with your requests. This exchange included clarification of the timeframe of the request, what existing records the District has, and notice that the email portion of the request would take longer than 5 business days to fulfill.

This message contains records responsive to parts 1, 2, and 3 of your request, including purchase records/agreements and annual reports of flagged incidents since the start of service. Staff are at work to compile the requested email records, which will be provided as soon as possible.

Please contact me if I can be of further assistance in the interim.

Sincerely,

Daniel R. Armstrong
